

### Woodward & Lothrop

New York-WASHINGTON-Paris.

During the heated term store will close at 5 o'clock; Saturdays at 1.

# A Special Remnant Day.

PROGRESSIVE merchandising demands the absolute eviction of all goods, particularly wearables, in their respective seasons. Beauty and quality are not exempt. There are quite a number of just ters, the Misses Tisqui, will spend and quality are not exempt. There are quite a number of just ters, the Misses Tisqui, will spend such things-outer and under garments for men, women, girls, boys, and several months. On their return, Miss little children-which we have marked at very low remnant prices for Carrie Tisdel will go to Mexico to spend quick selling. Most of them can be worn until late fall.

There are also many odds and ends, short lengths, broken sizes, and Mexico. Miss Adene Tisdel has but reassortments-all sorts of remnants for personal and home uses-and they cently returned from Syracuse, where she are priced very low.

WANTS WAR BALLOON

President Expected to Aid Signal Corps' Efforts.

WILL TRY BALDWIN AIRSHIP

New Dirigible Must Carry Two Men

and Make Speed of Sixteen Miles

an Hour-How the Trials at Fort Myer Will Be Conducted-Ship Is to Be Delivered Soon. President Roosevelt is much interested in the aeronautical work of the Signal

Corps, and it is believed in army circles that he will lend his personal assistan to induce Congress next winter to provide a sum of money sufficient to construct a large dirigible balloon of the La Patrie type for experimental purposes. Last winter, it was explained yesterday,

the President intended to urge a large appropriation for aeronautical experiment but abandoned the idea when he met the opposition in Congress to his battle-ship

The dirigible balloon which Capt. Thomas S. Baldwin, of New York, has contracted to deliver to the Signal Corps within the next few days will be not more than 120 feet long. Inside the bag there will be two smaller bailoonets, having a total capacity of at least one-sixth of the volume of the gas bag. It will carry two men, one of whom will be an operator and the other an observer. The speed of the balloon must be at least sixteen miles an hour, and a bonus will be given for a speed greater than twenty miles an hour, How Trial Will Be Made.

As soon as the balloon has been assem

bled at Fort Myer, Va., where the official acceptance trials will be held, Capt. Baldwin probably will make a series of flights founding of the city, on which occasion to test the engines the Prince of Wales will be the guest of honor. The Vice President, Hon. Charles of the Signal Corps, who will describe the research of the Signal Corps, who will describe the research of the Signal Corps, who will describe the research of the Signal Corps. ance trial will be held before a board of bec to represent the United States at the cide whether the dirigible meets the requirements of the specifications. The flight will start from the drill ground at Fort Myer, and the speed will be determined by taking an average of the timover a measured course of between two and five miles against and with the wind.

The time will be taken by a flying start. passing the starting and finishing marks at full speed at both ends of the course The balloon must carry sufficient fuel for the continuous operation of the engive for at least two hours, during which time it must travel at an average speed of at least 70 per cent of the full speed of the dirigible Three trial flights will be allowed for speed and three for endur- are relaying the message from the mayor
